Biographical note:

Short bio: Prof. André Duvenhage

André Duvenhage is a Research Professor at the NWU, a political scientist and specialist in the field of political change as applied to the South African context. He is well-known in media and journalistic circles and is often invited as political commentator to various events and radio programmes. He has been affiliated to academic institutions such as UFS and the NWU for more than 35 years. His major interest is the future, and he also works in the field of scenario analysis.
